

ACCREDITATION DOCUMENT

Accreditation number PROD 001

**Nemko AS
Postbox 73 Blindern
0314 OSLO, NORWAY**

The accreditation includes certification of products within the scope specified on the following pages of this document.

Accreditation in accordance with EN 45011 (ISO/IEC Guide 65) is granted with the reference to Parliamentary Proposition no 106 (1989/90) and Norwegian Accreditation's statutes laid down in Royal Decree of 7th October 1993.

The accreditation is subject to regular surveillance and is valid until 17. December 2014.

The accreditation decision implies that Norwegian Accreditation has found that the body complies with the requirements for accredited activity within the scope of accreditation. The certification body is itself responsible for certifications performed.

NORWEGIAN ACCREDITATION

Date

Norwegian Accreditation

The geographic unit:

**Nemko AS, Oslo
Postboks 73 Blindern
0314 OSLO**

is accredited for certification of the following products

Products	Description	Remarks
Cables and cords	Emphasis on electrical safety	
Capacitors and components	Emphasis on electrical safety	
Switches for appliances and automatic controls for electrical household appliances	Emphasis on electrical safety	
Household and similar equipment	Emphasis on electrical safety, including electromagnetic fields (EMF)	
Installation accessories and connective devices	Emphasis on electrical safety	
Lighting	Emphasis on electrical safety	
Measuring instruments	Emphasis on electrical safety	
Electrical equipment for medical use	Emphasis on electrical safety	Does also include EMC
IT and office equipment	Emphasis on electrical safety and laser safety	
Low voltage, high power switching equipment	Emphasis on electrical safety	
Installation protective equipment	Emphasis on electrical safety and performance safety	
Safety transformers and similar equipment	Emphasis on electrical safety	
Portable tools	Emphasis on electrical safety	
Electronic entertainment	Emphasis on electrical safety	
Equipment for explosive atmosphere	Emphasis on electrical safety and explosion risk	
Plastic pipelines, pipes, parts and systems	General characteristics Geometric characteristics Mechanical characteristics Physical characteristics Capacity requirements
