

ACCREDITATION DOCUMENT

TEST 210

**The National Fisheries Quality Assurance and Veterinary Directorate -
Branch1, Nafiqaved Branch 1, Biological laboratory**

51, Le Lai Street, Ngo Quyen District, Hai Phong City, 84.31 Vietnam

The scope of accreditation is P16 Microbiological analysis in accordance with the specifications on the following pages in this document.

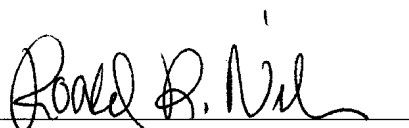

The accreditation was first time granted 20.08.2007 and given according to Parliamentary Proposition no. 106 (1989/90) and the Statues of Norwegian Accreditation established by Royal Decree of 7 october 1993. The laboratory complies with the requirements in NS-EN ISO/IEC 17025 (2005)

The accreditation requires regular surveillance, and is valid until 20.08.2012. The decision of accreditation made by Norwegian Accreditation implies that the organisation has been found to fulfil the requirements for accreditation within the scope. The organisation itself is responsible for the results of performed measurements.
